

Artist's impression of the new learning facility at Picnic Point High School

Picnic Point High School

Project update

March 2021

Investing in our schools

The NSW Government is investing \$7 billion over the next four years, continuing its program to deliver more than 200 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Project overview

The proposed upgrades at Picnic Point High School involve the demolition and refurbishment of some existing buildings and construction of a new learning facility.

The proposed works will result in the following new or upgraded facilities at the school:

- four new general learning spaces
- two new TAS workshops and two new TAS learning spaces
- one new Visual Arts workshop and two new Visual Arts learning spaces

- two new Music learning spaces
- one new computer learning space
- upgraded and expanded Administration area
- landscaping and external improvements.

Progress summary

Planning is currently underway for this project. Planning includes consideration of factors such as demographic trends, educational requirements, school needs, catchment boundaries, site sizes, due diligence studies, transport links and partnership opportunities.

An initial artist's impression of the new building is included in this update and on the project's webpage.

Next steps

The next steps for this project include:

- Release of tender for an Early Contractor Involvement (ECI) arrangement.
- Ongoing due diligence and submission of the project's business case for approval to proceed.

We will continue to keep you updated on progress of this exciting upgrade project.
